Flagler Beach, FL – March 4, 2014 – Now it’s possible to wholesale properties across the country without leaving home via Private Money Blueprint’s “10-Hour Wholesaler,” real-estate investment training program at [www.10hourwholesaler.com/presentation/](http://www.10hourwholesaler.com/presentation/). After discovering ways to cut down the time, costs and efforts involved in wholesaling properties, real estate investor and coach Justin Wilmot created the program to share their three-step process with others.

“My old, real estate investing process of finding deals, fixing and flipping properties and taking risks was sucking the life out of me,” states Wilmot. “I was spending too much time working and knew there was a better way to wholesale properties. Now, I have a system that allows me to flip properties nationwide in 10 hours or less a week so I can spend my time surfing and doing the things I love... while making six figures a year.”

### **Wholesale From Anywhere in the World**

This unique model of wholesaling combines traditional, virtual and co-wholesaling into a three-step, systematic process can be used anywhere with an Internet connection. The steps include: identifying a target market, building a pipeline and outsourcing.

With the “10-Hour Wholesaler” program, members get instant access online to:

- Learn how to wholesale houses and use the “10-Hour Wholesaler” process via two video-modules;
- Download all supporting documents necessary to start the process right away; and
- Get answers immediately with 1-on-1 support from the program’s creators.

### **Wilmot made this wholesaling program easy for everyone to understand and share:**

- Details of real and successful, 10 Hour Wholesale deals;
- Hiring tips for finding the best people to manage the process;
- Ways to avoid mistakes and shady deals; and
- The exact Websites for finding active markets, sellers, cash buyers, wholesale research, and more!

“While it takes some work to set up the 10 Hour Wholesaler process, there is no need for REI experience, expensive marketing, hunting for deals, visiting properties, talking directly to sellers in person, repair headaches, or running around wasting time,” states Wilmot. “And there are plenty of wholesale, real estate opportunities available so we don’t mind sharing our process with others.”
